# Thermal transfer printers

With our thermal transfer printers, you can even mark large order volumes highly efficiently. The various printers for materials in card format or off the roll process a large selection of materials. This gives you a complete labeling system that is ideally tailored to your application and optimally supported by the PROJECT complete marking software.

[Learn more online...](#)

- ✓ Reliable, thanks to the proven printing method and high availability
- ✓ Service-friendly, thanks to maintenance-free operation
- ✓ High quality with clear type face, bar codes, and character heights from 1.6 mm

## Build your bundle

The Phoenix Contact line of identification solutions includes software, printers and markers and labels for terminal blocks and other components, wires, cables, and electronic and industrial devices, (including products from other manufacturers).

We understand that users have different needs based on application and volume and are pleased to introduce this promo. Select the printers that meet your needs and be on your way to a complete solution customized for you.

	THERMOMARK ROLL 2.0 ( <a href="#">1085260</a> ) Order \$1000 of marking materials (ribbons and other accessories ARE included!)	\$800 + \$1000
	THERMOMARK CARD 2.0 ( <a href="#">1085267</a> ) Order \$1500 of marking materials (ribbons, magazines and other accessories ARE included!)	\$1300 + \$1500

Please ensure printer and consumable requirements are on the same P.O - See page 10 and 11 for commonly used cartridges.

# THERMOMARK E SERIES

Experience industrial identification in a completely new way with the THERMOMARK E SERIES: printing and application in just a single step! The modular system delivers more efficiency in control cabinet manufacturing: Combine the powerful thermal transfer roll printer with one of the three applicators. The systems print labels and apply them automatically to cables. The combination of these process steps results in time savings of around 60%.

[Learn more online...](#)

## Build your bundle

- ✓ Maximum efficiency: time savings of around 60% with printing and application in a single process step
- ✓ Flexible response with the modular system comprised of a standard thermal transfer printer and three applicators for different identification solutions
- ✓ Consistent digital workflows: controlling and automatic data processing from CAE systems
- ✓ Easy handling and constantly high quality with the automated process

THERMOMARK GO

THERMOMARK GO  
Model: THERMOMARK GO  
Serial: 123456789  
Date: 2023-10-27  
User: Admin  
Company: Thermomark

# Marking wherever you want, directly on site

The THERMOMARK GO is the digital marking solution for use in the field. Using your smartphone and the MARKING system app, you can create marking files very easily and control the printer directly via Bluetooth 5. The smart system works with continuous media as well as pre-punched labels in roll format.

[Learn more online...](#)

- ✓ Can be operated directly with a smartphone or tablet via a Bluetooth or NFC interface
- ✓ Greater flexibility for everyday work – marking and labeling directly on site
- ✓ Wide material selection and automatic material detection
